Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Seville Water Transmission Main Replacement in FY 2023:

The entity to receive funding for this project is the Village of Seville, Ohio, located at 120 Royal Crest Drive, Seville, Ohio 44273.

The funding would be used to assist with the replacement of the Village's mile-long water transmission main. The project would be a valuable use of taxpayer funds because it would eliminate concerns for water contamination and maintain steady water service supply and pressures.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Anthony Gonzalez
Member of Congress
